## FLEETS MAY SOON MEET

### Whereabouts of the Ships Shortly To Come In Conflict.

## INVASION OF CUBA WILL NOT BE HERALDED BEFOREHAND.

Washington, May 23—Special—Commodore Schley with the flying squadron left Key West Thursday for Santiago, and is now off that port. Sampson's squadron started for the same point Friday, and should have reached that place about noon today. Unless Cervera's squadron has slipped away it will be in a serious predicament. Sampson and Schley could bottle him up, but the general belief here is that the American commanders will not be contented with so slow a method of warfare. They will probably force the channel as Dewey did at Manila and hunt the enemy in his lair. Word of the defeat of the Spanish fleet is expected here within twenty-five hours.

### The Movement to Cuba.

Tampa, Fla., May 23—Special—There will be no further reports of the fitting out of expeditions for the invasion of Cuba. The next intelligence that may be looked for is the landing of troops upon the island or a battle in Cuba in which our soldiers will bear a conspicuous part. No intelligence of the movement of ships or troops is being sent from the gulf coast that is not subjected to a strict censorship. It is safe to say that not many days will elapse before a landing of troops on the island will be effected. When these troops will sail and where they will land are things known to but few, and newspaper correspondents are not among those who have the facts.

That an invasion is impending does not admit of a doubt. Troops here, at Key West and at Mobile, are ready to embark at a moment's notice. No one will know when the order to move will be given. The soldiers will be called out to the customary drill some of these mornings and be marched from the parade ground to the wharf where they will be embarked and the boats steam out within an hour. This is the program. No one here knows when it will be carried out.

### Troops Off For Manila.

San Francisco, May 23—Special—The first California volunteers left camp at Presidio this morning and marched to the Pacific mail dock to embark on the transport City of Pekin. Along the route of march the troops were received with intense enthusiasm. They were literally smothered with flowers. As they passed the cathedral Archbishop Riordan and a number of priests bade farewell to the soldier boys in presence of an immense throng. The regiment is 1,090 strong. The City of Pekin will go outside into the stream this afternoon and will probably sail for Manila Wednesday. The Monterey is being rapidly repaired for its trip to Manila. It may leave Thursday.

### Off for the Philippines.

Washington, May 23—Special—The war department today received official and final details of the embarkation of troops for the Philippines. It is stated that the City of Pekin, City of Sydney and Australia will sail tomorrow with twenty-four hundred men and a hundred and twenty-five officers. Besides the troops the Pekin will carry supplies and ammunition for the navy.

### Another Spanish Fleet.

Gibraltar, May 23—Special—The Spaniards are preparing a third squadron, consisting of three armored cruisers and four torpedo boats. They will be sent across the Atlantic as soon as possible to aid Cervera. Admiral Camara's squadron will probably start for the Antilles in a few days.

### Tried to Run the Blockade.

Key West, May 23—Special—The British steamship Ardanmohr reached port this morning in charge of an ensign from the Osceola. The Ardanmohr attempted to run the blockade.

### The Oregon at Key West.

Key West, May 23—Special—The Oregon arrived here this morning.

COMMODORE GEORGE DEWEY.  
This gallant American officer, who will be known to history as the hero of Manila, commands the Asiatic squadron of our navy, consisting of the Olympia, Raleigh, Baltimore, Boston, Concord and Petrel. His destruction of the Spanish fleet in the bay of Manila and subsequent capture of the Philippine capital have added new laurels to the glory of the American navy.

## ZOLA AGAIN ON TRIAL

His Second Arraignment on the Charge of Defaming French Army Officers.

Paris, May 23—[Special]—The second trial of Zola on the charge of defaming the army came up this morning. It was suspended pending the hearing of an appeal for change of venue.

## LARGE CLASSES CONFIRMED

Bishop Nicholson Celebrates the Rite at Trinity and Christ Churches.

The Rt. Rev. I. L. Nicholson, bishop of Milwaukee, visited Trinity church yesterday morning for the purpose of administering the sacrament of confirmation. The holy communion was celebrated at half past seven, the bishop being celebrant. Matins were said at half past nine, and the litany sung at ten o'clock. The choral celebration at half past ten was preceded by a solemn procession of choir, clergy and bishop, the hymn being "Rejoice Ye Pure in Heart." After the Introit Stainer's Mass in F was sung with the rector, Rev. F. L. Myron, as celebrant. A powerful sermon was preached by Bishop Nicholson from the text, "Ye are the salt of the earth," and at the conclusion the office of confirmation was taken up. A goodly number was confirmed, which fact spoke volumes for the success which the new rector is meeting with in his work. Those confirmed were:

## IMPEDES TRAVEL FOR A TIME

Removal of the Old Northwestern Depot Causes Blockade of Streets.

Telephone, telegraph and electric light wires were made to suffer today along Academy, Wall and Franklin streets by the removal of the old Chicago & Northwestern passenger station from its former resting place.

The depot will soon be located on South River street, and the route to be taken will be from Academy east on Wall to Franklin, and then south. Many men are employed in its removal, and the job will be an expensive one for the Janesville Coal company, who are the purchasers.

## LADIES ENTERTAIN FRIENDS

Mrs. M. B. Leavitt and Mrs. W. G. Wheeler Prove Delightful Hostesses.

The common council will meet this evening in regular session. City Attorney F. C. Burpee will have the Alex. McClellan saloon case up for a hearing, but nothing of a substantial character is expected.

The Janesville Telephone company will also make application for a franchise, and there is little doubt that the council will act favorably on granting it. Numerous other matters of less importance are on the docket for a hearing.

Three local drunks broke the dull spell of business in the municipal court this morning.

Joseph Mulligan not only got drunk yesterday, but he abused his family as well. He is now in jail for ten days.

M. Diegman managed to invest in Sunday booze to such an extent that he was found in a helpless condition by the police. He paid a five dollar fine.

Joseph Cullen, a Saturday night drunk, was given a three-day sentence.

Attention, Masons.

There will be a special communication of Western Star Lodge No. 14 Tuesday morning, May 24th, 1898, for the purpose of attending the funeral of Bro. ## SPIES ARE EVERYWHERE

### Emissaries of Spain Haunt All Parts Of The Country

## MAKE THEMSELVES FELT IN THE MOST SECRET PLACES.

Washington, May 23—Special—Whatever else the Spaniards may lack their spy system is complete. Underhanded methods are characteristic of this nation, and a Spaniard is by nature a sneak, working in the dark rather than in the light. There are Spanish spies in Washington by the score; they are at the military camps at Chicamaugua, Mobile, Tampa and Key West; they haunt the navy yards, and there is good reason to believe they are on board some of our vessels of war. They are artful, unscrupulous and fearless. There is reason to apprehend that they may do damage at the navy yards or on shipboard. Not one of them would hesitate to put a match to a magazine even though he might be blown to atoms himself. He expects death and does not shrink from it provided he can, in dying, accomplish some harm to the hated Americans. The spy system of Spain is perfect, and the authorities fear it because they are unable to successfully cope with it.

### Gone to Cuba.

Washington, May 23—Special—The report that the steamship Florida left the port of Tampa Wednesday for Cuba with four hundred Cubans aboard is confirmed this morning. The men were under command of Gen. Lacret, and had been drilled by regular army officers. It is believed the troops have been successful in making a landing.

### Spanish Bark Captured.

Key West, May 23—Special—A report reached here today that an American scout boat captured a Spanish bark off San Juan Friday.

The steamer was released at noon. It was found that her papers were all right.

### Nearly All Mustered In.

Washington, May 23—Special—Returns to the Adj. General up to this morning show that 110,000 volunteers are now on the rolls, leaving but fifteen thousand to be mustered under the first call of the president.

### Italy Has Not Protested.

Washington, May 23—Special—The state department denies that it has received a protest from Italy to the effect that the blockade is not effective and therefore should be abandoned.

### Quiet at Havana.

Key West, May 23—Special—Word was received from the blockading squadron today. All is reported quiet on the north coast of Cuba and around Havana.

### Strange Ships Off Key West.

Key West, May 23—Special—Two strange craft were reported off Fort Taylor last night. Signals were not answered by the ships and preparations were made to give them a warm reception. This city is wildly excited today.

### Killed in Collision.

Savannah, Ga., May 23—Special—The troop train carrying the First regiment of North Carolina volunteers collided with a freight train this morning. One soldier was killed and another fatally injured.

## VOICES FROM THE LOCAL FULPITS

REV. W. A. HALL CONTINUES SERIES OF WAR PARABLES.

Satan Is Compared to the Spaniard Who Is Seeking to Destroy—Memorial Services in Honor of the Late Mrs. Miltimore at the Baptist Church.

Yesterday was a marked day at Court Street M. E. church. A goodly number were received into the church in the morning. Both services were well attended. In the evening the pastor spoke to a large gathering on "War Parables." The attention was certainly superb. Mr. Hall said in part: The Boston Transcript says: "Spain is rotten to the core." The Times-Herald asks, what is the matter with the core, and asks if that is not rotten, too? That is exactly. Spain is somewhat rotten to the core, and is altogether rotten in the core. The methods of government have been oppressive and wrong. Mr. Hall spoke of the country as priest-ridden, and not only priest-ridden but tyrannical. The masses are kept ignorant, superstitious and grossly misinformed as to our attitude in this war. We should be charitable in our judgment of them. He condemned the war cry "Remember the Maine," if by that is meant let us wipe the Spanish out of existence on sea and land. God says, "Vengeance is mine, I will repay." We are to fight as strongly and oppressively as possible. That is the most humane way, as it is the quickest way to a solution of the whole trouble; but hate in our hearts lowers us to the level of those we are fighting.

Mr. Hall spoke of the necessity of a forgiving spirit. "God," says someone, "is at the heart of every rose." God surely is at the heart of all forgiveness. The speaker then compared the auxiliary cruiser Harvard, 10,800 tons displacement, with the little torpedo boat Terror, 327 displacement, yet the people feared for the Harvard. The little boat exceedingly speedy, could throw torpedoes, any one of which striking the Harvard, would sink it to the bottom of the sea. So there are apparently small sins, like discontent, murmuring against God and angry thoughts indulged, that will blow the strongest soul into eternal shipwreck.

Mr. Hall next spoke of the splendid secrecy with which the Spaniards were conducting their naval movements. We can never tell where that Cape Verde fleet is going to bob up. This is good strategy. It keeps us at immense disadvantage. That is the way the devil wars. Satan is intensely keen. He never sends on a committee to warn us, so that we may be prepared. No indeed, he always surprises us. We must watch and pray continually, or he will surely, often and gloriously overthrow us.

The Oregon is perhaps the very greatest battleship afloat. Americans are justly proud of her. Yet what solicitude was manifested when she was rounding Cape Horn, and coming up the coast of South America. We will not be sure she is safe until we are certain she is with the North Atlantic squadron. So there are many great battleship characters, outside of the church and avowed Christ discipleship. Their danger is extreme. The hulls of our war vessels must be cleaned often. It means greater speed and greater fighting power. So the young man unclean in thought is a slow going craft, easily overtaken and destroyed by the swift fleet of hell.

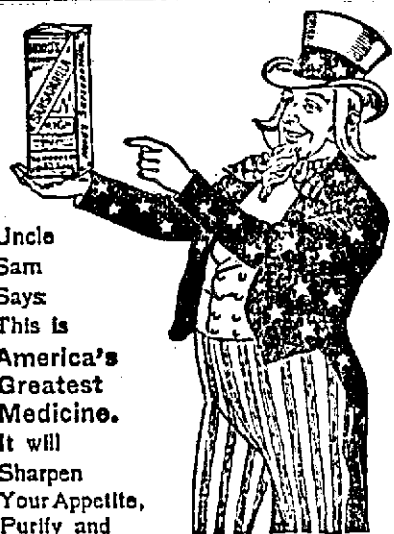

Mr. Hall spoke of the joy there will be in this country when Cuba is free, and the joy in heaven over the sinner disinherited. He spoke of a storm and shipwreck on Lake Michigan, and the succeeding calm. The God who put bits in the winds and pulled them out; who with his hand smoothed out every wrinkle from the rough sea; can calm war into peace in the troubled soul.

The morning talk on "The Life of Christ" was listened to with marked attention.

### THE WORLD BEAUTIFUL.

Theme of Rev. A. C. Kempton at the Baptist Church.

At the morning service, Rev. Mr. Kempton repeated, by request, the sermon, "The World Beautiful," which he preached several weeks since. Instead of the Sunday school, there was a memorial service in the morning for Mrs.

Uncle Sam Says This is America's Greatest Medicine. It will Sharpen Your Appetite, Purify and Vitalize Your Blood, Overcome That Tired Feeling. Get a bottle of Hood's Sarsaparilla and begin to take it TODAY, and realize the great good it is sure to do you.

**Hood's Sarsaparilla**  
Is America's Greatest Medicine. All druggists.

M. B. Miltimore, who had been an active member of the church and Sunday school since April, 1848.

Superintendent Dunwiddie led the service in a very appropriate introduction to what was said. Miss Herklimer gave a very interesting talk about Mrs. Miltimore as a church member, who was always active and in her place. Mrs. Beers then gave an interesting paper upon Mrs. Miltimore's work as a teacher in the Sunday school. Superintendent Dunwiddie called upon Dr. Whiting, who spoke of Mrs. Miltimore as a member of the W. R. C., in a very feeling manner.

The whole service was very interesting and effective, for deceased was a very earnest, active member of the church, the Sunday school, the W. O. T. U. and W. R. C., and all of these organizations will miss her earnest words and help, for she was ever ready to engage in any good work that was for the uplifting and salvation of men.

Mr. Kempton's text for the evening was in Luke 16:21. His subject was "Enlightening in the Army." Many have recently enlisted in the army. Every man has had to deny himself and give his service to his country. Notice the conditions of enlistment. First, there must be self denial. In all things there must be some self denial among men. The higher we rise in life the greater these demands. He who would have friends must deny himself. In nearly all these denials there is some element of selfishness but in joining God's army there must be a complete sacrifice of self. Jesus would have us give up all that is dear to us. He must be supreme in our hearts.

The second condition of enlistment is a cross bearing, with all that it means. It is no light thing to bear the cross, but we are to follow the example of our Saviour who was not afraid to go even unto death that he might redeem us from death. The third condition of enlistment in Christ's army is to follow Christ. He goes before us in all suffering and in all things that are hard and difficult.

He would have us step in his steps. If we will do this all will be well. He would have us take seven steps. These steps are first, faith; second, prayer; third, worship; fourth, baptism; fifth, The Lord's Supper; sixth, service; seventh, sacrifice.

Oh that we may all be ready and willing to follow him, in all of these.

### BRODHEAD WINS THE GAME.

Eleven Innings Were Played in Saturday's Base Ball Contest.

Saturday's game of base ball between the High school teams of Janesville and Brodhead at the latter place was far more exciting than was anticipated. The members of both clubs were in excellent form, and determined to make the best of their opportunities. The first inning was encouraging to the Janesville boys, who made three runs, while their opponents were shut out. In the fourth inning Janesville added another run to the score and in the sixth circled the bases once more. It was not till the seventh inning that the Brodhead boys got down to their knitting, when they scored two runs, following it up with two more in the eighth and one in the ninth, the Janesville boys being treated to goose eggs. This left the game a tie, and both clubs entered upon the tenth inning with determination in their eyes, but neither scored. Janesville scored one in the eleventh inning and loud plaudits from their partisans, and then Brodhead went to bat. The play of Janesville was less perfect here than at any other time during the game, and through errors Brodhead was allowed to score two runs, giving them the game. Following is the score:

Janesville..... 0 0 1 0 1 0 0 0 1 0 1 0  
Brodhead..... 0 0 0 0 0 2 2 1 0 2 7  
Struck out—By Palmer, 11; by Fairman, 11.  
Hits—Janesville, 8; Brodhead, 5. Base on balls—Off Palmer, 2; off Fairman, 5. Three base hit—Kearney.

The Janesville boys declare that the result would have been different had not two of their best players been disqualified because of their devotion to the cigarette habit.

### INSTRUCTORS TO CONVE

School Superintendents and Principals Meet at Madison

Prof. D. D. Mayne will be in Madison next Friday to attend the state meeting of superintendents and principals of schools. The first meeting was held last year on invitation of President Adams, of the university, and was productive of so much good that it will probably be an annual feature hereafter. Last year a banquet was given the visitors in Ladies' hall, but this year it will be held in Guild hall. Over two hundred superintendents and principals are expected.

### AN INJUSTICE TO DR. HALSEY.

Milwaukee Telegraph Says Sensational Reporters Are Responsible.

All the Milwaukee Telegraph has to say today in relation to the sensational reports over Dr. Sabin Halsey, is that it does not believe them; that it believes an ever-miscellaneous policeman and sensation-hunting reporters have done an honest, sincere Christian gentleman an irreparable wrong, one for which there can never be given a good excuse.

### LODGE MEETINGS TONIGHT

Masonic, Knights of Pythias and Woodmen Hold Regular Sessions.

Janesville Lodge No. 55, F. and A. M., meets at Masonic hall this evening. Oriental Lodge No. 22, Knights of Pythias, meets at Castle hall this evening.

## HEARTLESS GROOM DESERTS HIS BRIDE

SHE WANTS HIM ARRESTED FOR DESERTION.

Mr. and Mrs. L. W. Caldwell Are the Interested Parties—Were Married in This City But Two Weeks Ago—The Parties Are Well Known.

On the afternoon of Sunday, May 8, at the Congregational church parsonage, Rev. Robert C. Denison performed the ceremony that united as husband and wife L. W. Caldwell, of Chicago, and Jennie Van Kueren, of this city. After the ceremony had been performed Mr. and Mrs. Caldwell went their way, and to anxiously inquiring friends they both stoutly denied the report that they were married.

Their Trouble Begins After a two week's honeymoon trouble began to make its appearance, and the week following the groom packed up his trunk and made good his escape from town. The unfortunate bride, who is still in the city, is now none the wiser as to his whereabouts, and is endeavoring to interest the police in making his arrest on the grounds of desertion.

This man in this little escapade is well known to many of the business men of the city in spite of the fact that he has only resided here during the past few weeks. During the latter part of April he arrived in town as a representative of a Chicago acetylene gas company, and after a few days' business here he managed to put his gas plant in the Hotel Myers, as well as the People's drug store. In a business way his dealings are said to have been satisfactory to all concerned. Soon after his arrival here he became acquainted with his present wife, and after a few days' acquaintance they were married.

An Unhappy Girl. The unfortunate bride was formerly employed at the Hotel Myers, and has the sympathy of a host of friends. Inquiry on the part of the police has resulted in the discovery that the heartless groom of but a week purchased a ticket for Chicago the day that he informed his wife he was suddenly called to Rockford on business. That he left Janesville in some what of a hurry is the opinion of his Chicago firm, who are anything but pleased at his actions. Mrs. Caldwell has called on Sheriff Acheson, and has given a full description of the man who so boldly deserted her. She has also retained a local law firm to look after her interests.

W. J. Buckley, of Chicago, superintendent of the Acetylene Gas company, was in the city Saturday settling up the affairs that the groom left in an unsatisfactory condition.

### BLACK BASS WERE BITING

Gen. Doe Captured a Goodly String of Game Fish

One day's fishing last week on the part of Gen. J. B. Doe and a friend from Milwaukee resulted in their capturing many members of the finny tribe at Lake Koshkonong. They returned home with twenty-seven black bass, and pike and pickerel enough to make a string of fifty fish.

### State News in Brief.

Rev. L. A. Cleveland, pastor of the First Baptist church of Oaklawn, has resigned.

The congregation of the First Methodist society, of Sheboygan, will erect a \$10,000 church, the Rev. James Chalm making the announcement Sunday. Four thousand dollars of the amount has been subscribed. If the church can be completed before fall the next Methodist conference of the Fond du Lac district will be held in it.

A company was incorporated at Araboo on Monday under the name of the Badger State Long Distance Telephone company. It is the intention to build lines all over the state. The incorporators are: F. T. Brewster, F. A. Philbrick, and W. H. Hatch. All araboo capitalists. The capital stock is \$100,000.

Great Britain and Japan Agree.

London, May 23.—The Vienna correspondent of the Daily Telegraph says that confirmation is given in well-informed quarters in Vienna to the rumor that friendly advances made by Great Britain to Japan have already attained a tangible result. It is believed that an Anglo-Japanese understanding has been reached which not only comprehends all eventualities that can occur in the east, but also contemplates all the consequences that might result in the course of the Hispano-American war. The understanding establishes a sort of Asiatic balance of power.

### Excess of Gold Imports.

Washington, May 23.—Reports to the bureau of statistics show that the importations of gold during the present fiscal year have been over \$105,000,000, and deducting the exports of gold, which amount to about \$15,000,000, this leaves the net gain to our gold stock from importation around \$90,000,000, to which it is expected there will be added between this and the end of next month a sufficient sum to bring this year's net importations in excess of exports up to fully \$100,000,000. This sum exceeds that of any preceding year in the history of the country.

### Mrs. Mercy Gray Is Dead.

Oakland, Cal., May 23.—Mrs. Mercy Gray, widow of the Rev. Dr. Gray, died here today, aged 79 years. Since the death of her husband Mrs. Gray has given nearly \$250,000 to the Baptist church.

## THE SUNDAY SCHOOL WORK.

Rock County Sunday School Association Enlarging Its Usefulness.

The Rock County Sunday School association has been steadily at work through its officers and committees during the past year helping to advance Bible schools in all phases of the work. There will be held during the month of June, each Sabbath, the same as last year, rallies of two or three townships, where the whole day will be spent in the consideration of the work, its difficulties, how to overcome them, reports of progress its difficulties and good cheer. The meetings held last year were the means of great good; hence the desire to have them continued. The first will be held June 5 in the church at Stebbinsville, Fulton township inviting the union. The places and dates for the rest will be given as soon as arranged. The association has been exceedingly fortunate in securing as missionary Rev. A. D. Newcomb, who enters heartily into the work of visitation, and holding meetings.

## ENTERED IN COLLEGE EVENTS.

Clarence Rowe Will Compete in the Field Sports in June.

Clarence W. Rowe, of this city, son of Register of Deeds and Mrs. O. D. Rowe, has been selected as one of the athletes of the state university to represent Wisconsin at the intercollegiate field day meet which is scheduled to come off in Chicago on June 4. He is entered in the pole vault, and his chances of carrying away honors for the Badger state are exceedingly bright.

E. T. Fox and E. F. Tegg, also of the state university, are entered in the same event, and the meet promises to bring together the best of western athletic amateur talent.

## HER LIBERALITY APPRECIATED

Miss Nellie Page Receives Praise for Church Donations.

Residents of Stebbinsville speak loudly in praise of Miss Nellie Page, of this city, who recently sent a handsome money donation for the good of the church in that village. A Stebbinsville correspondent writes:

"This is the second time Miss Page voluntarily sent that amount. She does not forget old associates and friends, and says she feels that this is her church home. Her grandfather built the church, and Miss Page spent her childhood in this community."

## MRS. LUCY GOODWIN

Suffered four years with female troubles. She now writes to Mrs. Pinkham of her complete recovery. Read her letter:

DEAR MRS. PINKHAM:—I wish you to publish what Lydia E. Pinkham's Vegetable Compound, Sanative Wash and Liver Pills have done for me.

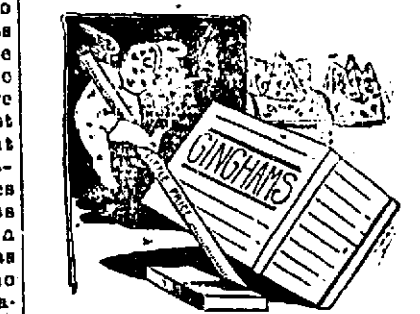

I suffered for four years with womb trouble. My doctor said I had falling of the womb. I also suffered with nervous prostration, faint, all-gone feelings, palpitation of the heart, bearing-down sensation and painful menstruation. I could not stand but a few minutes at a time.

When I commenced taking your medicine I could not sit up half a day, but before I had used half a bottle I was up and helped about my work. I have taken three bottles of Lydia E. Pinkham's Vegetable Compound and used one package of Sanative Wash, and am cured of all my troubles. I feel like a new woman. I can do all kinds of housework and feel stronger than I ever did in my life. I now weigh 131 1/2 pounds. Before using your medicine I weighed only 108 pounds.

Surely it is the grandest medicine for weak woman that ever was, and my advice to all who are suffering from any female trouble is to try it at once and be well. Your medicine has proven a blessing to me, and I cannot praise it enough.—Mrs. Lucy Goodwin, Holly, W. Va.

## SPAIN SENDS MORE SHIPS.

Another Squadron to Co-operate with Cervera.

## MAY MAKE US TROUBLE YET.

Four Armored Cruisers to Be on the Scene of Action in the West Indies—Admiral Cervera Given Orders to Sail.

Gibraltar, May 23.—Spaniards are preparing what they call a third squadron, consisting of Princessa de Asturias, which is now at Cadiz; Cardinal Cisneros, at Ferrol; Numancia and Victoria, which are being newly armored and engined at Ferrol, and the torpedo boats Maria Molina, Marques Vitoria, Alvono and Bazan, each 800 tons, and with speed of from twenty to twenty-two knots.

Unless America moves quickly she will have the foregoing vessels to contend with besides the squadrons of Admiral Cervera and Camara. The latter will start in a few days, probably for the Antilles and not the Philippines.

The governor has decided not to allow warships passing through the straits here to be reported.

TO FORCE SPAIN TO SUBMIT.  
Powers Said to Be Resolved to End the War Soon.

London, May 23.—A dispatch to the Telegraph from Madrid says that Senor Castillo's reason for not joining the ministry is that Senor Sagasta is determined to carry on a vigorous war, while Senor Castillo is aware that Spain's friends in Europe, especially in France, are resolved to insist upon her suing for peace at the first favorable moment.

It is hoped that Spain will be able to retain the Philippine Islands, which will be utilized in making political combinations later on. The dispatch adds that the time is very near when Spain will be asked to propose negotiations for peace. Friendly efforts will be made by the powers to induce the United States to rest satisfied with the independence or annexation of Cuba, and to abandon the scheme of retaining permanently or temporarily the Philippines.

The Madrid press refers to "a rapprochement between Spain and France on a basis which cannot at present be made public." The correspondent of the Telegraph thinks it improbable that Spain will persist in rejecting European counsels to peace, proffered under the promise of future help, especially if the United States will waive its claims to the Philippines. He suggests that the Philippines are the reason the powers are interested in Spain's behalf.

## ADVANCE GUARD IN CUBA.

Transport Florida Started with Troops Last Wednesday.

Macon, Ga., May 23.—From information which has reached this city it can be stated with absolute accuracy that the invasion of Cuba has begun in earnest. Last Wednesday, May 18, the transport Florida left Port Tampa with several hundred men on board, bound for some point in Cuba. A message received here late tonight says the expedition was safely landed.

The men who have gone are not United States regulars, but are Cubans belonging to the Cuban volunteer regiment raised about Key West and Tampa. They all speak Spanish and are considered good troops. It is hoped by the United States officers that they will succeed in making a landing.

## To Attack American Cities.

St. Johns, N. F., May 23.—Capt. Strong of the brigantine Energy, which arrived here with a cargo of salt from Cadiz, reports that when he left Cadiz a fortnight ago the greatest activity prevailed in the naval arsenal there. The two Hamburg-American liners, Columbia and Normannia, purchased to be used as auxiliary cruisers, were being rapidly armored, and the warships refitting in the harbor were loading stores and ammunition. Capt. Strong is convinced that at the time he was in Cadiz the Spanish government fully intended to send this fleet to attack American coast cities on the North Atlantic, preferably Boston. He says the Spanish populace was inflamed against English and Americans, and that his crew dared not venture ashore.

## Runs the Blockade.

Corunna, Spain, May 23.—The Spanish auxiliary cruiser Montserrat arrived here unexpectedly last evening from Cienfuegos, having escaped the American blockading ships. Large crowds thronged the quays and the members of the crew received an ovation when they went ashore, the people embracing the captain and officers. Popular demonstrations followed throughout the city.

## Anderson Ordered to Join Otis.

Vancouver Barracks, Wash., May 23.—In accordance with telegraphic orders received today Brig.-Gen. Thomas M. Anderson, who arrived Wednesday from Alaska, left for San Francisco tonight. Orders were also issued today for companies A and G, Fourteenth Infantry, to report to Gen. Otis at San Francisco. They will leave tomorrow.

## FIGHT THE DAMAGE SUITS

The city won a victory in the damage suit recently tried, and the taxpayers can congratulate themselves that the jury did not decree that \$5,000 be paid the plaintiff, with the certainty that a second \$5,000 be paid for "loss of society," etc., later on. There is only one way to discourage the popularly styled "damage suit industry"—to make the defense so vigorous that attorneys will think twice before they bring actions against the city in which they must depend upon playing upon the feelings of sympathetic jurors. City Attorney Burpee should not be expected to fight against half a dozen lawyers, single handed, in these important cases. Two heads are always better than one, and the city attorney should have able assistance. Attorney Hyzer is just the man to help him. His reputation as a successful and fearless trial lawyer is firmly established. He is not afraid to call a spade a spade; he understands the law fully, and is quick to recognize an opportunity to get in a telling blow. He is an expert in cross examining medical witnesses, and can extract the truth from the willing or unwilling scientists who talk so mysteriously for the effect their learning will have on the jury. The testimony of these medical experts is always a feature of the damage suits, and Attorney Hyzer is just the man to take the high priced gentlemen in hand and compel them to tell their story in plain English.

City Attorney Burpee and Attorney Hyzer can successfully combat any combination of legal and medical talent that they may be forced to meet. Therefore the city should retain Attorney Hyzer, and spare no expense to fight the damage suits to the last ditch.

## RED FLAG ORGAN'S PLAIN.

The Milwaukee News does not take kindly to The Gazette's article on the LaFollette machine. This fact does not surprise The Gazette. The News is a populist-democratic organ, with Bryanism for its religion. It sees in a united republican party an insurmountable barrier to the enactment of the crazy schemes for a Debsonian brotherhood; free silver, and free anarchists—fully authorized to knock down any man who has a dollar, and take it away from him. Hence The News is for the LaFollette machine, knowing that it was only through party dissensions that the Wisconsin Bryan outfit can ever get its head above the surface of that quiet pool into which it was cast by an intelligent people at the last election. The LaFollette machine should be proud of the fact that it possesses the "sympathy and high regard" of the Milwaukee News.

The Chicago Evening Post dresses up an exciting item of war news printed in black type, under a "sore head," as follows:

Washington, May 20—(Special dispatch to The Evening Post, London Times and New York Herald. Copyright, 1898, by James Gordon Bennett.)—A naval engagement in West Indian waters is expected within a few hours.

Twenty-five words of introduction to thirteen words of alleged news! When will this cruel war end?

Ex-Governor Hoard, in his paper, The Fort Atkinson Union, speaks of The Madison Journal as a "machine organ." Of course Ex-Governor Hoard's paper is not a "machine organ," because the LaFollette machine, with which he affiliates, is not, in his opinion, a machine. What a broad platform for an ex-governor to stand upon!

The Spaniards evidently like the scheme of paying their harbors with ship plates a la Manila. Hence they have sent their remaining fleet to Santiago de Cuba, apparently thinking that harbor in need of similar improvements.

The Spaniards have a queer idea of war. In the Spanish Cortes, the other day, Senor Penaranda moved the adoption of a vote congratulating Admiral Cervera upon "his skillful tactics in eluding the enemy!"

The eight men who refused to vote for a verdict against the city in the

recent damage suit are entitled to all credit. They were satisfied that the city was not responsible, and stood for their opinions through thick and thin.

Anti-machine patriotism is not confined to Wisconsin. Martin B. Madden is organizing an "anti-machine" machine at Chicago.

Fight the damage suits to the end. And then, keep on fighting.

## Tornado Visited by a Tornado.

Dallas, Tex., May 23.—A tornado last night swept parts of Fannin and Red River counties, causing extensive damage to property and some loss of life near Benham and Clarksville. At Ravenna, in Fannin county, eleven barns, ten dwellings and three churches were destroyed. Capt. Joseph P. Dupree was killed. In the western part of Red River county twelve persons were injured. A negro, whose name was not learned, was killed. Horses, mules and cattle to the number of 200 were killed.

## Score Over a Stick of Dynamite.

Oakland, Cal., May 23.—The discovery of a stick of dynamite at the Emeryville depot is causing the police and railroad officials much anxiety. The dynamite was found hidden among some rubbish and is now in the possession of Division Superintendent Aglar. Much significance is attached to the discovery, owing to the fact that nearly every day trains loaded with troops are passing through that locality on their way to San Francisco.

## LOCAL SOLDIERS AT JACKSONVILLE

WILL NOT BE STATIONED AT  
TAMPA AT ALL.

Order is Changed While the Regiment Is Enroute, and the Men Will Have a Much Healthier Camp in Consequence—Get an Enthusiastic Welcome.

Janesville soldiers will not go to Tampa, Florida.

The order was changed while the regiment was en route yesterday, and the Wisconsin men will stop at Jacksonville, Fla. The Milwaukee Sentinel says at Waycross, Georgia, the order was received directing Colonel S. P. Schandel to go to Jacksonville, Fla. The troops reached Jacksonville last night, and were among the first volunteers to report to the new camp there. The change in destination was made on account of the water famine and the consequent threatened sickness at the Tampa camp. Consequently the change of rendezvous met with much favor when it was announced.

The war department has decided to establish a military camp at Jacksonville, for various reasons, chiefly because of the abundance of its water supply. Moreover, at Tampa the weather is so intensely hot that it is questionable if the northern troops can be acclimated without sickness. At Jacksonville the heat is not so intense, and the climate will, therefore, be better suited to the Wisconsin men.

To Form Brigades  
Gen. Lawton will be in command of the camp. After the arrival there the first steps were immediately taken to form brigades as has been done at Chickamauga park and Tampa. At Jacksonville the troops will practically be as near to the seat of war as at Tampa, to which place they can be taken direct by train, or should it be desired the Badger men can be landed direct in Cuba by transports that may be sent from Jacksonville.

The Wisconsin men have had a pleasant ride all day Sunday. The train has been welcomed by enthusiastic crowds along its entire route. The weather in the morning was close and oppressive, but in the afternoon a heavy rain set in shortly after leaving Thomasville, and the air became cool and comfortable. For several hours it fairly poured, and when the men retired the air was fresh and a good night's sleep was assured.

Crowds Cheer the Soldiers.

The first section of the First regiment train reached Montgomery, Ala., at 3:15 o'clock Sunday morning and after half an hour's delay caused by changing engines, the train continued on its journey. By 5 o'clock there was a stir in every car and from that time on the cheering for the troops began along the route. In every city, at every hamlet or farm house there was cheering and waving of handkerchiefs all day as the train sped on. The largest demonstration was at a small town south of Decatur, Ala., Saturday night. As the train passed through a salute of small cannon was fired. The entire population was at the depot, waving flags while a band played patriotic airs as the cars flew past. On the tracks and on the hills in the surrounding country were bonfires in honor of the northern soldiers.

A Square Meal at Thomasville.

The first regiment troops did not have any coffee for breakfast because none was obtainable along the route until Thomasville was reached at 12:15 o'clock. The soldiers and officers therefore drank water with their first Sunday meal. At a grove just south of Bainbridge Junction, Ga., Col. Schandel ordered a stop for fifteen minutes to give all the troops on the train an opportunity to leave the cars and get some exercise. This privilege was highly appreciated by the men who spent the time roaming about in the woods. At 12:15 o'clock Thomasville was reached, where a raid was made on the lunch counter at the railroad station and in ten minutes after the arrival there of the Wisconsin men nothing remained on sale at that place. It was while the train was stopping for dinner that the news was received that the troops were going to Jacksonville.

To Send More Ships to Dewey.

New York, May 23.—A Washington dispatch to the Journal says: "Admiral Dewey's squadron will be reinforced materially. In addition to the Charleston and Monterey, the navy department has sent orders to San Francisco to hasten the work on the cruiser Philadelphia. The Charleston will pick up the Bennington at Honolulu, and the Yorktown, of the same class and armament as the Bennington, will be gotten ready at the Mare Island yard as quickly as possible."

To Guard Borders of Texas.

San Antonio, Texas, May 23.—Orders have been issued at Camp Mabry that the 1,000 Infantry and 1,400 cavalry remaining there would be sent to the Mexican border, where they will do patrol duty. Intimations have been received several times that raids, headed by Spaniards, would be made across the frontier into this state, and it is to guard against these guerrillas that the troops will be kept in the state.

Cubans Have Not Submitted.

Paris, May 23.—The Temps' Madrid correspondent says that the government denies that the insurgent leaders in Cuba have submitted and adds that only a few of their subordinates have accepted the advances of the autonomists. Gomez and Garcia flatly rejected them.

William Godden, aged sixty-five years, died at his home, No. 107 Terrace street, on Saturday afternoon at 3:45 o'clock. Mr. Godden was a native of Wiltshire, England, where he was born in 1832. He came to this country and to Janesville in 1855, and has resided here continuously ever since. For forty-three years he was a member of Trinity Episcopal church, and was ever regarded as a sincere and exemplary Christian. He leaves a widow and five children—Mary R. Lyche, of Christiansburg, Norway; Miss Lillie Godden, Chicago; E. W. Godden and J. H. Godden, Emmetsburg, Iowa; Mrs. Ella Parker, Anderson, Iowa. Two sisters, Mrs. Staples, of Austin, Ill., and Mrs. Robert W. Scott, of this city, also survive.

Olive H. Noyes.

Mrs. Olive L. Noyes, a resident of Wisconsin since 1857, died at her home, 120 Madison street, yesterday. She was born at Lisbon, N. H., October 7, 1812, and was married to Hiram Noyes December 9, 1832. She removed to Wisconsin in the fall of 1857, settling in the town of Rock, where she resided until the spring of 1880, since which time her home has been in this city. Deceased leaves three sons, Charles, William and Clement, all of this city, and two daughters, Mrs. W. H. Merritt, of this city, and Mrs. Vienna Minor, of Los Angeles, Cal. The funeral will take place at the home on Wednesday afternoon at 2:30 o'clock.

Patrick Farrell.

Patrick Farrell died this morning at 5:30 o'clock at the home of his daughter, Mrs. Maggie Kelley, 107 Lincoln street, the cause of his demise being heart disease. Deceased was sixty-two years of age and was highly esteemed.

Services will be held from St. Mary's church Wednesday at 9 a. m., the burial to be in Mount Olivet cemetery.

Joseph H. Fosnot.

Another old resident of Janesville has passed away. Yesterday Joseph H. Fosnot died at the home of his sister, Mrs. Margaret S. Gray, No. 52 Locust street. Mr. Fosnot was born Jan. 12, 1820, and has been a resident of this city for many years, being known and respected by a large circle of friends. The funeral will take place at 10 o'clock tomorrow from Mrs. Gray's residence.

Beloit, Wis., May 23.—[Special]—Joseph English, a member of the old Fourth Wisconsin Battery, died at his home on Fifth street Saturday. He had been in poor health for many months, and was to leave for a hospital in Chicago yesterday for treatment. He was a pall bearer at the funeral of Mr. Hendling last Thursday, and had since failed rapidly. He leaves a wife and one son, George.

Edwin L. Rogers.

Edwin Louis Rogers, aged forty-one years, died Saturday at the family residence on Highland avenue, after a severe illness continuing through a period of many weeks. He was the son of Mrs. Sarah A. Had Husbands to Burn.

Two Virginia old ladies, Mrs. Betsy and Miss Jane, one a widow who had been blessed with two husbands, and the other withering on the virgin stem, were talking things over, writes a correspondent of the New York Press. Jane asked Betsy where she buried her two husbands. "Why, Jane," was her reply, "I didn't bury them at all. The first wanted to be cremated, and I did it for him, and when the second died I didn't want to show partiality, so I cremated him, too." "My, Betsy, isn't it too bad! I haven't had any husband at all, while you have had 'em to burn."

Epworth League Convention.

American Flag Displayed.

Montreal, Que., May 23.—For the first time in its history the stars and stripes floated from the Chancel of Christ cathedral Sunday. The emblem of the United States was twined around arches and pillars, and was as prominent as the union Jack. The occasion was the annual church parade of all the Montreal militia, and the soldiers worshiped under the symbol of an Anglo-American alliance. As the cathedral is the leading Anglican church of the city the occurrence has caused much comment.

Sixty Killed at Cartagena.

Madrid, May 23.—A letter from Cartagena says the explosion Friday at Castle San Julian caused a panic in the city. Arms and legs were picked up at a great distance from the scene of the explosion. The castle contained thirty-eight privates belonging to the artillery and infantry and 123 workmen, not one of whom escaped unharmed. The dead numbered sixty two, including the governor of the port. The castle was littered with stones and mangled remains.

Illinois Men in Dire Need.

Washington, May 23.—There has been some complaint made at Camp Alger over the treatment of twelve sick soldiers belonging to the Sixth Illinois, who are in the regimental hospital. Four of them have pneumonia; yet, owing to the poor facilities of the hospital, they are forced to lie on straw spread over the muddy ground. The officers and men of the company have no means of relieving the distress of their comrades, and no cots are obtainable.

## Congressional Pan.

When the establishment of the mint was under discussion in Washington's time there were some amusing debates in congress concerning the devices the coins should bear. Here is an account of one funny squabble over the design for the silver dollar: A member of the house from the south bitterly opposed the choice of the eagle on the ground of its being the "king of birds," and hence neither proper nor suitable to represent a nation whose institutions and interests were wholly inimical to monarchical forms of government. Judge Thacher in reply playfully suggested that perhaps a goose might suit the gentleman, as it was rather a humble and republican bird, and would also be serviceable in other respects, as the geese would answer to place upon the dime. This reply created considerable merriment, and the late southerner, considering the humorous rejoined an insult, sent a challenge to the judge who promptly declined it. The bearer, rather astonished, asked, "Will you be branded as a coward?" "Certainly, if he pleases," replied Thacher. "I always was one, and he knew it, or he would never have risked a challenge." The affair occasioned much mirth, but finally cordial relations were restored, the irritable southerner concluding there was nothing to be gained in fighting one who fired nothing but jokes.

WILL BE BURIED SATURDAY.

Time Is Fixed for Funeral of Mr. Gladstone.  
London, May 23.—The funeral of Mr. Gladstone will take place on Saturday next. The body will be taken from Hawarden to London on Wednesday.  
Mr. Gladstone left a written stipulation that he was not to be buried unless his wife could be buried by his side. The government conceded this before offering to give Mr. Gladstone a public funeral.  
The ministers throughout the country took Mr. Gladstone's Christianity for a text Sunday.  
Rev. Mr. Wyckham, Mr. Gladstone's son-in-law, preached in the Hawarden church. Mrs. Gladstone was present.  
Mr. Gladstone left a request that no laudatory inscriptions be placed over his grave.

Thousands of Spindles Idle.  
Fall River, Mass., May 23.—More than 500,000 spindles are idle in this city caused by the shut-down of the Merchants' Sagamore No. 1, American Linen and Fall River Iron works mills. Managers who have been advocating a shut-down for some time are growing uneasy at the gloomy outlook in the print cloth market. At least four, and probably more manufacturers will not lessen the output during the summer months, as they hope that the general prosperity of the country will surely be reflected in the cotton goods market. Some mill men are accepting limited contracts at figures netting little or no profit, but which will enable them to meet the pay roll.
